

Machine Name : Vertical lathe

Brand : OKUMA

Machine Model : 2SP-V35

Stock No. : 80140

Ex-factory Date :

Main Technical Parameters:

Dawei double spindle double knife tower 2SP-V35

System FANUC-18T

The spacing between the two spindles is 600mm

Maximum machining diameter 350mm

Maximum machining length 430mm

Maximum rotary diameter 500mm

Spindle through hole 77

The spindle speed is 2500 RPM

Knife tower 12+12

Moving distance: X235mm, Z430mm

Spindle motor AC18.5/15

Power supply capacity 58KVA

It covers an area of 2970*2210
