

Machine Name : CNC vertical car

Brand : YOUJI

Machine Model : KV-250E

Stock No. : 80153

Ex-factory Date :

Main Technical Parameters:

Oil machine KV250E made several car, the top revolving diameter 500 mm , cutting the most big diameter 350 mm , the biggest cut cut height 250 mm , the top work carry a 300 gk , shaft speed 2500 pr m, AF N CU & have spent S re ies Oi - TF system, car milling complex together, have to take knife instrument, with grating ruler.
