Machine Name : Punch

Brand : AIDI

Machine Model :
SMX-S4-16000(D)-450-220

Stock No. : 69471

Ex-factory Date : 2017

Main Technical Parameters:

AIDA SMX-S4-16000 (D)-450-220 closed four-point servo press

Equipment category: Closed four-point servo press

CNC CNC System: AIDA original factory servo Control CNC System

Nominal capacity: 16,000 kN (1,600 tons)

travel length: 900 mm

(no-load) Continuous travel number: 1 to 25 spm

Closed mold height: 1400 mm

Slider adjustment length: 600mm

Slider size (left-right × front and back) : 4500 × 2200 mm

WorkWorktable size (left-right × front and back) : 4500 × 2200 mm

Supply air pressure: 0.5 MPa

The maximum overhang mass of the upper mold: 20,000 kg

PamtonSchnell
