Machine Name : Die-casting machine

Brand : YIZUM

Machine Model : JM400HII

Stock No. : 69486

Ex-factory Date : 2026

Main Technical Parameters:

CNC System: Yizhimi self-developed PLC+HMI special Control CNC System for die-casting
Clamping force: 4000 kN
Machine weight: 14,000 kg
power: 33 kW
Working pressure: 16 MPa
Power supply: 3P380V 50Hz
Full-load current: 65 A
Short-circuit current: 10 kA
