Machine Name : Die-casting machine

Brand : YIZUMI

Machine Model : DM300HII

Stock No. : 69487

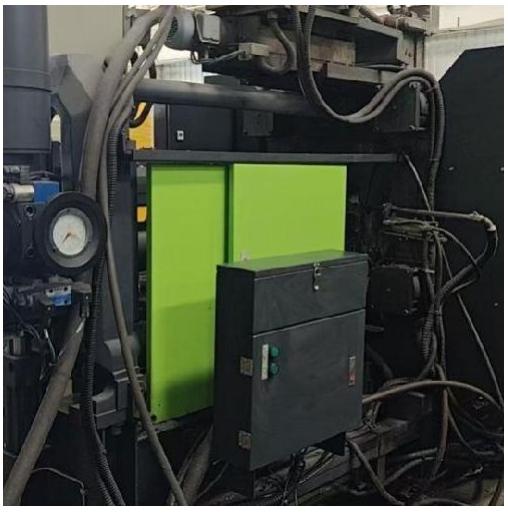

Ex-factory Date : 2026

Main Technical Parameters:

Equipment type: Horizontal cold chamber die casting machine
CNC System: Yizhimi self-developed PLC+HMI special Control CNC System for die-casting
Clamping force: 3000 kN
Machine weight: 11,000 kg
power: 33 kW
Working pressure: 16 MPa
Power supply: 3P380V 50Hz
Full-load current: 65 A
Short-circuit current: 10 kA
