Machine Name : Generator Sets

Brand : □□□□

Machine Model : DP086LA

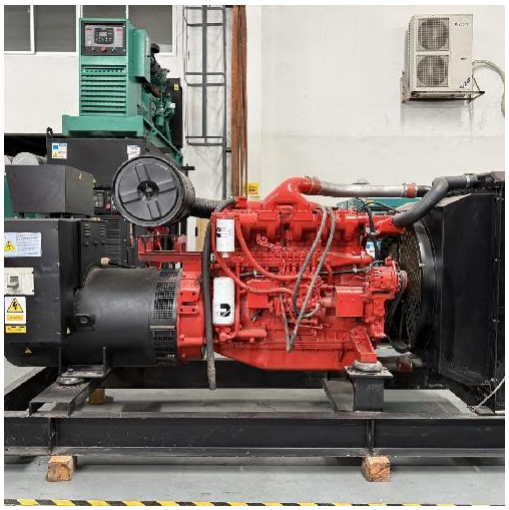

Stock No. : 469231

Ex-factory Date : 2004

Main Technical Parameters:

Rated capacity (KVA) : 561 kVA
Apparent power (KVA/KW) : approximately 450 kW (actual generated power at a power factor of 0.8)
Output voltage (VOLT.) : 230/380 V (standard three-phase electricity)
Output current (AMP.) : 726 A (extremely strong load-carrying capacity)
Insulation/Bearing: H-class insulation (high-temperature resistant), 8315ZZ bearing

PamtonSchnell
