Machine Name : High speed punch

Brand : AIDA

Machine Model : LINX-800

Stock No. : 69586

Ex-factory Date : 2010

Main Technical Parameters:

CNC CNC System: Special PLC for punch presses, no universal CNC

Nominal capacity: 800 kN (approximately 80 tons)

Slider travel: 50mm

No-load continuous travel number: 100 to 300 SPM

Closed mold height: 320mm

Slider adjustment length: 50mm

Slider size (left-right × front and back) : 1350 × 540 mm

WorkWorktable size (left-right × front and back) : 1350 × 750 mm

Main motor power: 22 kW

Supply air pressure: 0.6 MPa

The maximum overhang mass of the upper die: 350 kg

PamtonSchnell
