

Machine Name : Gear shaping machine

Brand : gleason

Machine Model : T245WG

Stock No. : 70345

Ex-factory Date :

Main Technical Parameters:

Maximum workpiece diameter ϕ 245 mm

Maximum workpiece module 0.5~4 mm

Maximum workpiece width 450 mm

Maximum worm grinding wheel speed 8 000 r/min

Maximum worm grinding wheel thread head 11

Maximum workpiece speed 1500 r/min

Maximum grinding wheel linear speed 60 m/s

Workpiece spindle and tailstock center 400~700 mm

Machining accuracy DIN level 5~6
