

Machine Name : Gantry machining center

Brand : Hision

Machine Model : UG 5

Stock No. : 80513

Ex-factory Date : 2021

Main Technical Parameters:

[System] Fanuc Oi-FM! Plus system

[Machine body] Two linear guideways and one rigid guideway, gantry structure machine body

[Spindle] BT50, spindle gear spindle speed: 6000rpm

[Tool magazine] Taiwan GIFU 24 tool arm type tools magazine

[Worktable] 1400* 700mm

[Travel] 1600*700*600 mm

[Machining range] Effective gantry width: 1600mm, effective gantry height: 720mm
