

Machine Name : Turn-milling machining center

Brand : JHONFORD

Machine Model : 2500ATC-CF

Stock No. : 80690

Ex-factory Date : 2010

Main Technical Parameters:

Original Taiwan Jofo 2500ATC-CF turning mill machining center

System: FANUC

Turning diameter: 3500mm

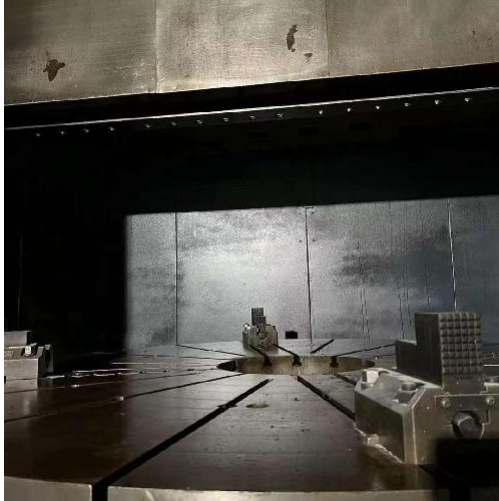

Turning height: 1600mm

Worktable size: 2500mm

travel: 5010mm

Square ram with Center flushing, automatic whitener

1-1 Specifications Of Machine

SPECIFICATION	MODEL	VTC 2500
CAPACITY		
Max. turning diameter (mm)		9300
Max. turning diameter (inch)		362.00
Max. turning length (mm)		1550
Max. turning length (inch)		61.00
Max. turning weight (kg)		10000
Max. turning weight (lb)		22046
Max. turning weight (ton)		2.2
TRAVEL		
Max. turning length (mm)		1000
Max. turning length (inch)		39.37
Max. turning length (ft)		3.28
SPINDLE		
Max. turning length (mm)		2-160 (Auto-Feed)
Max. turning length (inch)		32.48
Max. turning length (ft)		2.54
FEEDRATE		
Max. turning length (mm)		12/10
Max. turning length (inch)		12/10
Max. turning length (ft)		12/10
TOOLING		
Type of tool holder		ATC type 12 (1000)
Type of tool holder		7/24 taper BT-5C
Type of tool holder		300W*56T*500
Type of tool holder		30
Type of tool holder		50C
Type of tool holder		30
TURRET		
Type of tool holder		32X-32(980)
Type of tool holder		300X300
Type of tool holder		4530
Type of tool holder		1115
Type of tool holder		7.07.0
MOTORS		
Type of motor (kW)		4.0
Type of motor (HP)		5.38
Type of motor (kW)		8.8
Type of motor (HP)		11.9
Type of motor (kW)		1257
Type of motor (HP)		1695
